

LOOKING BACK ON *Summer*

A GENTLE REFLECTION

*Before the season slips away, let's take a moment
to look back on the summer we've had.*

If I had to
describe this
summer in
three words...

--	--	--

The very best
thing about
this summer
was...

--

Something that was
harder than I
expected...

--

Something that
surprised me...

--

Something I wish
we'd done
differently...

--

Something I
wouldn't change
at all...

--

What I want to
remember about
how this summer
felt...

Every summer holds little moments we'll never want to forget.

LITTLE MOMENTS, *Big Memories*

*The little things. The ordinary days.
The moments I never want to forget.*

A day I wish I could bottle up...

The best thing we ate...

Somewhere we loved going...

Something that made us laugh...

A song, book, film or show that will
always remind me of this summer...

A tiny ordinary moment I don't
want to forget...

Something beautiful I noticed...

Someone I loved spending
time with...

The most unexpected memory...

My favourite summer tradition
this year...

Summer 2026

Summer 2026

*The moments that make up a season
are often the ones that stay with us forever.*

WHAT I'LL Carry With Me

*Not everything has to stay in summer.
Some things are worth bringing with us.*

Something
summer
reminded me
I need more of...

Something
I would happily
leave behind...

A habit or
rhythm I'd like
to keep...

Something
I'm grateful for...

Something
I learned about
myself...

Something
I'd love to do
again next
summer...

A little note to this summer...

Thank you for... 

The seasons move on, but the memories
and the little things stay with us.
